Instruction manual

How to screw on the feet

1. Screw the 2 headless pins (B) on the sofa (3 to 4 turns).
2. Push foot (A) on the headless pins, adjust it and fasten it with the sleeve nut (C).
3. Push in the plastic buttons (E).
4. Screw on the height adjustable feet (D) and position it to the level of the floor.

How to use the flexible arm- and backrest:

Grip the moveable rests always in their middle and pull them upwards (8 clicks).

To remove: Pull the rest to the maximum point and lay it back down to the minimum point till you hear the click.

ATTENTION!!!

Do not sit on the arm/backrest unless it is in flat position, otherwise it will seriously damage the mechanism!
